

1st Quarter Project

For your project on plants, you have several options to choose from below.

If you would like an A for your project, complete three of the following. For a B, complete two of the following and for a C, complete one of the following assignments below.

Have fun, be creative and learn something too!!

Creative Art	Create 4 comic strips covering the following topics: education, family life, business, foreign affairs, politics or scientific study. These should be colorful, and display your knowledge of plants as well as being humorous.
Creative Writing	Write a biography on the life of a particular plant from seed to old age. Include a book title, cover sheet, resources, etc. Should be at least 2 pages in length. (Double spaced/12 Times New Roman font)
Logic	Create a small puzzle book relating to plants. These should require thinking to complete, not just be word searches!! Make them colorful and appealing as well as thought provoking. Your book should contain at least 5 puzzles.
Creative Art/Writing	Create a plant that would survive in a futuristic world. Provide a diagram labeling all the parts and the functions of each. Include how your plant would be different from plants currently found on earth. It should be colorful and attractive. Finish up by creating an advertisement for your plant because you need to sell it to future landscaping companies.
Interpersonal	Write out an interview where you are a particular type of meat-eating plant and you want to "tell your side of the story". You need to help your "human" audience understand your behavior and why you are so often misunderstood. Finish up by explaining all your benefits to the ecosystem you are found in. Should be at least 2 pages long (Double spaced/12 font)
Intrapersonal	Write a book of 4 poems where: <ol style="list-style-type: none"> 1. You compare yourself to a plant 2. You appeal to the public to protect green space for you and for plants 3. You explain how your life would change if you were a plant 4. Freebie: create your own!
Visual art	Create a collage with pictures of 25 types of foods that are actually plant parts. Categorize your collage into main parts of the plant: roots, stems, leaves, flowers, etc. For inspiration, go to the grocery store and check out the spice and produce sections.
Research	Find 5 articles from recent newspapers or magazines (2006-2013) that relate to plants. You should provide a copy of the article and a page summary of each article. Make sure you site your sources correctly!
Research/ Creative Art	Research agriculture uses other than food items! Create 5 market signs for them showing your knowledge of their importance. You may choose from the following categories: <ol style="list-style-type: none"> 1. Construction 2. Cosmetics & Beauty 3. Pharmaceuticals 4. Clothing 5. Business/Education

REMEMBER: IF YOU DO NOT CITE YOUR SOURCES, YOU DO NOT RECEIVE CREDIT!!!!

DUE DATE: Due Date: Tuesday October 1, 2013
